

Our mission at Metro Steel Fabrication WA (MSFWA) is to position ourselves as one of the main steel fabrication suppliers throughout Western Australia, by continuously improving our systems and procedures.

We aim to:

- Conform and exceed customer needs and expectations through prompt services and innovative solutions to all their requirements within our field of expertise.
- Maximise use of resources by effectively planning for prompt service.

MSFWA aim to achieve these objectives by:

- Implementing and maintaining an effective Quality Management System to meet requirements of the ISO 9001 standard.
- Continually improving our services by implementing effective training program.
- Communicating our Quality Policy and procedures to all our stakeholders to ensure they understand their responsibilities and their part in delivering quality services and products.
- Creating a culture and environment to provide quality and timely services in a safe manner.
